

CONTRIBUTE TO MENTORING RESEARCH

Do you know someone who had a miscarriage before 20 weeks of pregnancy?

The purpose of this research study is to explore mentoring needs and personal wellbeing perceptions associated with miscarriage.

The study uses a validated, multiple choice questionnaire. It is expected to take no more than 10 minutes to complete. Personal identifying information is not collected.

Please take a moment to complete or share this survey and contribute to this research

Participants must be biologically born females who are 18 years or older.
